FIG. 6 is a perspective view of a scene captured by a camera. The scene includes a road, a car, a person, and trees. The road surface is shaded with a stippled pattern. A callout box on the right contains color values: R' = 138, G' = 155, B' = 202. Handwritten labels '40' and '42' are present near the car and the road surface respectively.

FIG. 7 is a perspective view of a scene captured by a camera. The scene includes a road, a car, a person, and trees. The road surface is shaded with a stippled pattern. A callout box on the right contains color values: R' = 138, G' = 155, B' = 202. Handwritten labels '40' and '42' are present near the car and the road surface respectively.
